

Give Someone a “Lift”

Transportation is cited as one of the most **significant barriers** to **employment** & is a **leading cause** of **missed & delayed healthcare**. More than half of county residents live in a community without general public transit.

Volunteers helped bridge the gap by providing 4,000 rides in 2014

Most clients are the working poor or senior citizens needing rides for work or medical reasons

From the Driver's Seat

“It is such a joy to be able to provide this service to the community. The clients are all tremendously appreciative of the service and usually cannot thank you enough for getting them where they need to be.”

- Roger Balsler, Volunteer Driver
